

# MARFAN **FASHION** RESOURCES

Have a hard time finding pants with long enough legs? Can't find shoes that fit? Your Marfan Foundation Teen Council came up with the idea for this resource just for you! If you have any suggestions of brands/ stores that should be added, please send them to us at [staff@marfan.org](mailto:staff@marfan.org).

This guide provides information about brands and stores that sell clothing in tall sizes and shoes in large sizes for women and men. Most offer pants and jeans at inseams of 35" and above for both genders.

We did not include department stores (or Amazon) that sell a wide array of brands, including some listed here. JC Penney, Kohls, Macy's, and others sell brands like Levis and Lee jeans and are worth checking out. We did include Zappos and its discount branch, 6pm.com, because they allow you to search by inseam length.

We also did not include the more expensive designer brands. Many women's designer jeans come standard in longer lengths (and cost upwards of \$200), including Hudson jeans, JamesJeans, Paige Denim, 7 for all mankind, et al. You can find these at upscale department stores as well as at the designers' websites and/or stores.

One more resource worth mentioning: Make Your Own Jeans lets you order custom-made jeans, corduroys, shirts, jackets, and more at reasonable prices. You pick the style, the fabric, and the measurements, they do the rest. Check it out at [makeyourownjeans.com](http://makeyourownjeans.com).

**About shoes:** Many of the stores/brands listed under clothing also offer larger sized shoes. In addition to Zappos and 6pm.com, other online shoe retailers, such as [shoebuy.com](http://shoebuy.com) and [shoes.com](http://shoes.com), sell a variety of shoe brands and sizes for both men and women, as do most major department stores.
