Awareness • Support

THE MARFAN FOUNDATION

Marfan | Loeys-Dietz | VEDS | Genetic Aortic Network

Support and Connection

Our **20 support groups** provide encouragement, compassion, and a **sense of belonging** for those living with genetic aortic and vascular conditions and their families.

Camp Victory for Kids and Families

Held annually in Georgia and California, Camp Victory offers a safe, medically supervised environment where kids, teens, and families can connect, explore, and **build lifelong friendships**.

Walk for Victory

Held in **24 cities** across the country, Walk for Victory unite more than **5,500 community members** each year, building a stronger network of support while raising awareness and funds for everyone affected by genetic aortic and vascular conditions.

HeartWorks Galas

Our HeartWorks Galas in Chicago, Houston, and New York City **honor healthcare professionals and community members** whose dedication drives progress and raises critical funds for research, education, and programming. Combined, our special events raised **\$2.8 million** to support our mission for the year.

Learning and Collaboration

Webinars and regional and international symposia provide valuable opportunities for **learning, collaboration, and sharing** of the latest research and resources for individuals, families, and healthcare professionals.

Education and Awareness

In FY 25, education and awareness was prioritized through **impactful coverage in regional and national media**, including healthcare focused media outlets.

Innovative Research

Each year, we fund the most promising **scientific advancements** through our research grant program and convene global experts at our state-of-the-art research meetings to drive **discoveries to improve and save lives**.
